- Create Rule 7.04:

### **7.04 Protesting Games**

Each league shall adopt rules governing procedure for protesting a game, when a manager claims that an umpire's decision is in violation of these rules. No protest shall ever be permitted on judgment decisions by the umpire. In all protested games, the decision of the League President shall be final.

Even if it is held that the protested decision violated the rules, no replay of the game will be ordered unless in the opinion of the League President the violation adversely affected the protesting team's chances of winning the game.

#### **Rule 7.04 Comment:**

Whenever a manager protests a game because of alleged misapplication of the rules the protest will not be recognized unless the umpires are notified at the time the play under protest occurs and before the next pitch, play or attempted play. A protest arising on a game-ending play must be filed before the home plate umpire leaves the field.

As it relates to 3.02(c) a protest shall not be allowed on a play where the 18 inch pine tar rule is violated.

As it relates to 9.01(b)(3) the official scorer shall make note of the exact situation at time of protest and if a game is to be resumed from the point of protest that the game resume with exactly the same situation as just before the protested play.

As it relates to General Instructions to Umpires, Do not allow criticism to keep you from studying out bad situations that may lead to protested games. Carry your rule book. It is better to consult the rules and hold up the game ten minutes to decide a knotty problem than to have a game thrown out on protest and replayed.
